Fruit Tree Bark Beetle Is Doing Damage in Weber

Dr. Henderson, U. A. C. entomologist, was in Ogden yesterday and made an investigation of the orchards accompanied by C. E. Pettigrew, pest inspector.

Fruit tree bark beetle was found to be doing damage to many trees.

Sheep: Receipts, 500; market, steady; lambs, 15.75@18.30; ewes, 9.50@17.00.

WORLD'S MARKETS

NEW YORK, May 16.—Stocks showed very slight changes at the opening of today's market, but stronger tendencies soon developed on a renewal of demand for shippings, oils, metals, utilities and other recent leaders. American International, Gaston-Williams, Royal Dutch, Texas company, Anaconda, Inspiration and Miami coppers, American and Baldwin locomotives, Crucible Steel, Consolidated Gas and General Cigars rose 1 to 2 points in the first half hour. United States Steel gained only a fraction and rails were irregular, coalers hardening while Pacifics and grangers made fractional recessions.

Buying of shippings, oils, metals and equipments continued at a lively pace, but utilities reacted on a two-point setback for Brooklyn Transit. American International extended its gain to four points and Gaston-Williams to 3½ before profit-taking made any impression. Other stocks, especially minor coppers and kindred issues, moved steadily higher. The inquiry for rails was comparatively limited at first, but before noon numerous investment and secondary shares of that division, notably transcontinentals, Great Northern, Atchison, Reading and Norfolk and Western and St. Pauls, became extremely active at gains of 1 to 2½ points.

The market quieted at midday, but rails assumed the lead on an extension of previous gains in which the southern group also participated. Coppers, equipments, oils and shippings were in further request. United States Steel advanced a point, but failed to hold.

CHICAGO GRAIN

CHICAGO, May 16.—Lack of sufficient available supplies for immediate requirements gave a new upturn today to the corn market. It was a favorite view that under such circumstances any decline was likely to be of no special importance. Bulls were cautious, however, on account of continued conferences in progress between representatives of the government and the grain trade. Opening prices, which ranged from ¼ to 2½c higher, with July \$1.64½ to 1.65 and September \$1.57½ to 1.58, were followed by slight further gains and then by something of a reaction.

Oats displayed independent firmness owing to active inquiry from the seaboard. After opening unchanged to ½c higher, with July 68 to 68½c, the market eased off a little.

Provisions were dull. Quotations, nevertheless, averaged slightly higher with hogs and grain.

OGDEN LIVESTOCK.
